The Minnesota Literacy Council created this resource with funding from the MN Department of Education. We invite you to adapt it for your own classrooms.

What is the ‘ESL Story Bank’?

The story bank is a collection of short stories written specifically for adult ESL learners as part of the Minnesota Literacy Council’s Adult ESL Curriculum with Transitions Skills. For more information on the curriculum, which is available for free, visit mnliteracy.org/educators.

As part of a larger curriculum, these stories were written to align with specific themes and objectives of the lessons in which they are embedded. Many of these themes are common across adult ESL classrooms, such as healthcare and work. Others draw directly from content on the CASAS Life and Work reading tests.

Ideas for using the ‘ESL Story Bank’

The stories in the Pre-Beginning ESL Story Bank were designed to be used as a ‘story of the week’. Learners re-visit the story every day throughout the week. On each day they practice different skills with the text and deepen their understanding of the meaning. A sample story of the week lesson plan is included at the end of this document.

How to navigate the ‘ESL Story Bank’

On the following page is a table listing possible unit themes for adult ESL and corresponding stories. Some stories have both a pre-beginning (low literacy) version as well as a beginning (CASAS/SPL level 2-3) version.
Where you see blue hyperlinks, you can click on the story title to jump directly to that story and corresponding worksheets. All pre-beginning stories are in the *Pre-Beginning ESL Story Bank* and all beginning level stories are in the *Beginning ESL Story Bank*.

In the table, under the title of each story, there are suggestions for possible phonics instruction on individual phonemes or spelling patterns. For more information, see the sample [story of the week lesson plan](#) at the end of this document.

Story of the Week Lesson Plan

MONDAY Teacher Directions: Story of the Week: Literacy
-Materials: copies of Mr. White Goes to the Clinic

Step 1: Context
1. Distribute the story and look at the pictures together. Ask: “What do you see? What is this? What is he/she doing?”

2. Read aloud the questions next to the pictures. Elicit answers from learners. If no one is able to answer after several attempts, model a simple answer (ie. “I see a man. The man is sick. His head hurts.”) Ask the questions again to the learners.

3. Pre-teach the word hurts using pictures or pantomime.

4. Ask: “Where is the title?” Have everyone find and point to the title. Read the title together.

Step 2: Practice the Text
5. Give learners a minute or two to quietly look at the text. Some may begin to read at this point. For those who cannot, encourage them to look at the pictures, study the letters, number of sentences, and number of words. This “pre-reading” of the text may help them build text awareness.

6. Teacher reads the story aloud while learners follow the words with a pencil or finger silently.

7. Teacher reads and learners repeat each line of the story.

8. Practice the text again with choral reading, partnered reading, or individual reading of separate lines of the text.

Step 3: assess comprehension
9. Learners re-tell the story in as many of their own words as they can. They may use pantomime, single words, or full sentences. The objective is to show their comprehension of the text.

10. Complete yes/no comprehension questions. If learners cannot yet read the questions well enough to answer independently, read the questions aloud as a class.

11. Complete the dictation exercise. The purpose of this exercise is to help students focus on beginning and ending consonant sounds and the letters that correspond with them. For very beginners, you may want to start with a review of the letter names and sounds that appear in
this exercise. Read each word aloud slowly. Learners should avoid referring back to the story to find the word and copy the correct letters. This is a listening activity.

12. Remind learners to keep their copy of the story. They will read it every day this week. Help learners find an appropriate place to put the story in their notebook, folder, or binder.

Story of the Week TECHNOLOGY options
- Open a word processing program. In pairs, learners type 1-2 sentences from the story.
- Teacher pre-records audio of the text. Learners listen to the story independently using iPads or computers.
- Learners record themselves reading the text using a digital recorder, iPad, etc. Learners listen back to their own voice as they follow the text.

TUESDAY  Teacher Directions: Story of the Week: Literacy
-Materials: extra copies of Mr. White Goes to the Clinic from Monday

Step 1: Context
1. Learners find their copy of the story and look at the pictures together. Ask: “What do you see? What is this? What is he/she doing?”

2. Review the word hurts.

3. Ask: “Where is the title?” Have everyone find and point to the title. Read the title together.

Step 2: Practice the Text
4. Give learners a minute or two to quietly look at the text. Some may begin to read at this point. For those who cannot, encourage them to look at the pictures, study the letters, number of sentences, and number of words. This “pre-reading” of the text may help them build text awareness.

5. Teacher reads the story aloud while learners follow the words with a pencil or finger silently.

6. Teacher reads and learners repeat each line of the story.

7. Learners practice changing the first sound to create new words (word families). Together find the word “sees”. Each learner copies the word in their notebook (instruct them to drop the ‘s’ to
form see). The teacher leads students in copying the word ending three times below the word and saying the resulting sound (“ee”). The teacher then dictates letters to write in front of the ending to form new words. Everyone practices reading the new words together:

- tree
- three
- bee

**Step 3: assess comprehension**

8. **Learners re-tell the story** in as many of their own words as they can. They may use pantomime, single words, or full sentences. The objective is to show their comprehension of the text.

9. **Complete or review yes/no questions and dictation, as needed.** Re-read the yes/no questions and dictation words as a group.

10. **Learners underline and circle key words.** This activity helps learners with scanning skills and comprehension of oral instructions. Teacher gives each instruction orally. Learners listen and circle or underline the appropriate word. Circle the words **sick, hurts, checks.** Underline the words **head, body, medicine.**

11. **Learners evaluate their own comprehension.** Introduce three gestures for describing comprehension: thumbs up=very good, flat hand with palm down = “so-so,” thumbs down=I don’t understand. Practice the gestures together. Ask all learners: “Do you understand this story?” Learners choose a gesture to describe their level of understanding.

12. **Remind learners to keep their copy** of the story. They will read it every day this week. Help learners find an appropriate place to put the story in their notebook, folder, or binder.

**Story of the Week TECHNOLOGY options**

7. Practice the text again with choral reading, partnered reading, or individual reading of specific sentences. 

Step 3: assess comprehension 
8. Learners re-tell the story in as many of their own words as they can. They may use pantomime, single words, or full sentences. The objective is to show their comprehension of the text. 

9. Learners evaluate their own comprehension. Introduce three gestures for describing comprehension: thumbs up=very good, flat hand with palm down=“so-so,” thumbs down=I don’t understand. Practice the gestures together. Ask all learners: “Do you understand this story?” Learners choose a gesture to describe their level of understanding. 

Step 4: Practice Sound/Spelling Correspondence 
10. Lead a Letter/Sound Drill (see last page). The target letter/sound for this story is D. 

11. Remind learners to keep their copy of the story. They will read it every day this week. Help learners find an appropriate place to put the story in their notebook, folder, or binder.
Story of the Week TECHNOLOGY options
- Open a word processing program. In pairs, learners type 1-2 sentences from the story.
- Teacher pre-records audio of the text. Learners listen to the story independently using iPads or computers.
- Learners record themselves reading the text using a digital recorder, iPad, etc. Learners listen back to their own voice as they follow the text.

THURSDAY Teacher Directions: Story of the Week: Literacy
-Materials: extra copies of Mr. White Goes to the Clinic (paragraph text)

Step 1: Context
1. Distribute new copies of Mr. White Goes to the Clinic story. This version is written in paragraph format, instead of list format.

2. Ask: “Where is the title?” Have everyone find and point to the title. Read the title together.

4. Point to paragraph 1. Ask “How many sentences?” Model how to identify sentences by looking for capital letters and periods or question marks. Count the sentences together. If this is difficult, refer back to the copy of the story they received on Monday. Practice finding each sentence in the list version within the paragraph version of the story.

Step 2: Practice the Text
5. Give learners a minute or two to quietly look at the text. Some may begin to read at this point. For those who cannot, encourage them to look at the pictures, study the letters, number of sentences, and number of words. This “pre-reading” of the text may help them build text awareness.

6. Teacher reads the story aloud while learners follow the words with a pencil or finger silently.

7. Teacher reads and learners repeat each line of the story.

8. Practice the text again with choral reading, partnered reading, or individual reading of specific sentences.

Step 3: assess comprehension
Ask inference questions. Based on the text, ask questions such as “How does he/she feel? What will happen next?” Encourage learners to guess, even if it is not explicit in the text.
9. **Learners evaluate their own comprehension.**

Introduce three gestures for describing comprehension: thumbs up=very good, flat hand with palm down = “so-so,” thumbs down=I don’t understand. Practice the gestures together. Ask all learners: “Do you understand this story?” Learners choose a gesture to describe their level of understanding.

---

**Step 4: Practice Reading Fluency**

Write two or three sentences from the story on the board in paragraph form (not a list).

Read the sentence aloud. Read it again in a “robotic” voice. Don’t pause for punctuation and put equal spaces between all the words. Read it normally again.

Talk about which was easier to understand and why.

---

**Step 2: Introduce the words period and question mark**

Circle the periods and question marks. Read the sentence again, drawing attention to the way we pause for each period and question mark.

---

**Step 3: Practice with this week’s story**

Read the story aloud while learners follow. Ask them to listen for pauses and look for periods and question marks.

Ask learners to read out loud to themselves, practicing the pauses. Learners practice reading out loud with a partner. The partner should listen for pauses and look for periods and question marks.

Letter/Sound Drill

Learners at all levels of English language learning struggle with the letter sound correspondence in English. At low levels this interferes with their reading because they can’t sound out new words. At higher levels it makes spelling a challenge. This drill, when used regularly, can help learners develop a better understanding of letter sound correspondence.

Objective: to reinforce letter sound correspondence in the context of a broader lesson

Materials:

- Colored pencils or thin-tipped highlighters.

Description:

1. Choose a spelling pattern that occurs several times in a previously taught story or worksheet.
2. Write the letter or letters on the board (ex. Sh)
3. Tutor repeats the spelling and sound several times (ex. “S-H says /sh/”)
4. Tutor models writing the letters 5 times while repeating the spelling and sound (ex. “S-H says /sh/”)
5. Learners trace the letters on the table 5 times with their finger while repeating the spelling and sound.
6. Learners write the letters in their notebook 5 times while repeating the spelling and sound.
7. Learners use colored pencils or highlighters to trace the letters where they appear in the story or worksheet.
1. Review responses as a class.
2. Learners copy words with the correct sound in their notebook.
3. Learners practice reading the copied words with a partner.

Suggestions:

- Begin with consonants that have only one sound and work into spellings that have multiple sounds (ex. G as in giraffe or girl)
- When working with a spelling that has multiple sounds, introduce only one sound at a time. Learners should only highlight words with that sound. (ex. If you are teaching that “G says /g/ [like goat]” learners would highlight the G in girl and garden but not theGs in laughing.)
